

We need your voice to advance our goals and achieve impact!

Inviting Expressions of Interest for the **PHC Exceptional Quality, Safety & Value Pillar Advisory Committee**

Dear Medical Staff Colleagues,

Providence Health Care and the PHC Physicians and Surgeons Association invite qualified medical staff to submit an Expression of Interest to serve on the [Exceptional Quality, Safety & Value](#) (EQSV) Pillar Advisory Committee- PAC (see Appendix, page 2). The Exceptional Quality, Safety, & Value PAC is one of four Advisory Committees aligned with PHC's strategic priorities. It's led by Dr. Trina Montemurro liaising with VP sponsor Dr. Janet Kow, Vice President of Quality and Safety for Providence Health Care, who will represent the voice of medical staff in the Exceptional Quality, Safety & Value Committee for Providence's, seven-year plan.

The principle focus of the Exceptional Quality, Safety & Value PAC is to provide advice to, and support activities of the Exceptional Quality, Safety & Value Consultant Physician (collaborating with PHC sponsor and PASS). This will include the identification of opportunities to be pursued under the work plan.

We are looking for an effective leader and communicator as well as other qualities:

- Interest or experience in the area of the strategic direction
- Ability to work collaboratively with a multidisciplinary team
- Systems thinker
- Respect amongst colleagues

Submitting an Expression of Interest (EOI)

As part of the simple recruitment process for the PAC, we invite you to submit a brief **Expression of Interest**. Simply email us on pass@providencehealth.bc.ca by telling us, in 1 or 2 sentences, why you are interested in the EQSV PAC and how think you can contribute to this important work.

Compensation for your time

Funding will be provided by the PHC PASS Facility Engagement Initiative (FEI), at the FEI sessional rate, to remunerate your participation. Please contact pass@providencehealth.bc.ca if you are interested in participating in this important work.

Thank you for your consideration,

Dr. Trina Montemurro – tmontemurro12@gmail.com

APPENDIX: PHC STRATEGIC DIRECTION GOALS

Exceptional Quality, Safety & Value - Consultant Physician, Trina Montemurro

The goals of this strategic direction are to:

- Understand, evaluate and prioritize quality (outcomes, experience & safety, including eliminating preventable harm).
- Advance the recommendations of the In Plain Sight Report through the delivery of high quality, equitable, identity affirming and culturally safe services that are valued by Indigenous patients, residents and families.
- Offer the people we serve the right care, in the right place, at the right time.
- Practise “value-based health care” which prioritizes what matters to the people we serve as a way to drive quality and efficiency.
- Readily access data and information and use them continuously to improve our person and family centred care.
- Improve the physical environment across PHC.
