

## Expression of Interest Radiologist

### Position Summary

Within the context of a patient and family-centered model of care, and in accordance with the Mission, Vision, Values, and strategic directions of Providence Health Care ("Providence"), is seeking a radiologist to join the Department of Radiology at St. Paul's Hospital (SPH) in downtown Vancouver.

The successful candidate is required to have fellowship training in interventional radiology and must have the ability to independently perform catheter directed arterial and venous interventions, body interventional procedures, and basic spine intervention procedures. The successful candidate will also be expected to work in diagnostic radiology and must have sufficient knowledge to work in one or more subspecialty diagnostic fields (cardiac, abdominal, chest, neuro, and MSK) in this teaching institution. The successful candidate must display both strong clinical and interpersonal skills.

In addition to a commitment to clinical excellence, the successful candidate must have a proven track record of teaching and clinical research. They will be required to seek a clinical faculty appointment with the University of British Columbia, Department of Radiology (if not already appointed).

### Qualifications

The successful candidate will need to hold both a MD degree and FRCPC or equivalent, be a certified specialist in Radiology, and be eligible for full licensure in the province of British Columbia.

The successful candidate will also exemplify Providence's values and contribute to a culture of equity, diversity, and inclusion. In addition, Providence is committed to our responsibilities on Truth and Reconciliation. We hold ourselves accountable for making our care, **facilities**, and services a safer experience for Indigenous patients, residents, families, staff, and Medical Staff.

### Why PHC

Providence is a non-profit Catholic organization that provides services in partnership with Vancouver Coastal Health and the Provincial Health Services Authority. At Providence we embrace compassionate care, social justice, and innovation while delivering medical services to vulnerable populations across Vancouver and its neighbouring communities. Providence is committed to building a culture of equity, diversity, and inclusion where

the staff and Medical Staff – both current and prospective – feel welcomed, valued, and supported to thrive in their work. As we look towards the future, we are led by four strategic pillars: quality-forward, people-forward, learning-forward, and partnerships-forward. We invite you to join us as we work towards building the future of healthcare in British Columbia.

## How to Apply

To build a strong and representative workforce, we encourage physicians from all backgrounds to apply. We are deeply committed to diversity within our community, and welcome applications from Indigenous persons, people of colour, persons with disabilities, persons of any sexual orientation or gender identity, and others who may contribute to the further diversification and inclusion of ideas, practices, and ways of knowing that can improve our care and services.
